Date:29.04.2022

REVISION NO.-3

Sub: Empanelment of Architectural Firms for re-development of Railway Stations.

1. In reference to the meeting of joint working group of RLDA and IRSDC held on 28 & 30 Aug 2021, 17.08.2021, and 06.09.2021, 25 Architectural firms have been empaneled for providing Architectural Consultancy for Re-development of Railway Stations.
2. This empanelment of Architectural Firms has been done in the following two categories:
 - (i) Category A: for stations of category NSG 01 and 02 and Important Railway stations.
 - (ii) Category B: for stations of category NSG 03 and below and excluding important Railway Station.
3. This panel will be a rolling panel of Architectural firms which will be updated once every quarter or earlier and evaluation criteria of IRSDC will be followed for fresh inclusion. Applications of willing Architectural firms will be reviewed every 03 months or as when required.
4. Architectural firms empaneled in Category 'A' can also participate in the bids for consultancy services for stations falling in Category 'B'.
5. The selection of consultants shall be based on QCBS (Quality-Cum-Cost Based System) system of selection from empaneled consultants. Tender documents shall specify the Evaluation criteria only (there shall be no eligibility criteria as the tenders are to be invited from empaneled consultants only) and single stage - two packet system shall be followed.
6. For the limited tenders to be called from the panel, a limit of 10 stations at a time has been kept for a firm. The execution will be treated as complete once the DPR is approved.
7. The stations shall be grouped based on geographical location and common administrative control of Railway Division/Headquarter. Generally, 3-6 stations may be grouped together to limit the number of contracts and to save time in selection of consultant for preparing DPRs.
8. Some representations have been received from empaneled consultants regarding difference in their names as appearing in approved list vis-à-vis their official names. Accordingly, this Revision-2 dt. 25.04.2022 is issued in supersession of all previous lists of empaneled consultants.
9. List of Empaneled technical consultants for providing Architectural Planning & Engineering services under- Category 'A' for stations of category NSG 01 & 02 and important railway stations is as under:
